political and economic influences in Asia, the Americas, and Africa. Colonizing Asia In Asia, interaction was based on trade and global expansion. As a region, Asia was distinctly different than the New World (the Americas) and Africa. Asia was highly advanced, with prosperous civilizations and strong militaries. Because of this, Europeans

On Wikispaces.com, Freemanpedia went from a page where only a few of my students would look at it occasionally, to having over 25,000 hits a day during the peak testing season. Once the "class project" phase was over, my goal was to create a website where a student could essentially learn everything they needed to know from one site.

Asian economies, which became more dependent on European trade. This trade also created a more prosperous merchant class in Asia just like in Europe. During most of the 1600s and 1700s there was no significant European colonization in Asia; however, it still had a profound impact on the society and culture of Asia.

Most of the knowledge from Ghana’s history comes from Muslim scholars. Just as in Ghana, Mali relied on Muslim scholars for their government and administration of the empire. In Songhay, the leader Askia improved universities by instituting new rhetoric, logic teachings, that included Islamic law, grammar, astronomy, history, and geography.
