Content Management Strategy Content management is inherently a collaborative, continual process. At Impact 21, we have an entire team and our own Content Management System (CMS), the Impact 21 EDGE™ portal, to manage internal processes and documentation. Our clients have these same resources—both our team and the portal—at their fingertips.

### Content Management | Impact 21

Content management systems now act as a central hub in delivering digital experiences that are more than marketing—experiences that are the essential connections between a business and its customers. This reality fundamentally changes the way organizations invest in digital capabilities, organize teams, and rely on external partners.

### 4. The Content Management Team - Web Content Management [Book]

Content management has always been viewed through the prism of technologies — what it IS. I think increasingly content management will be viewed through the prism of what it DOES. The convergence of Social, Mobile and the Cloud are creating a “content” value proposition in consumer markets.
