Step 1, Make sure that your printer is connected and turned on. If your printer connects over Wi-Fi, this will mean making sure that you're on the same Internet network as your printer; otherwise, you'll need to plug your printer's USB cable into your computer. Check your printer's manual to confirm how to set it up if you haven't already

How do I get my HP printer to print without Black Ink? HP ink cartridges need to be replaced properly to ensure high-quality prints. It's also important to have a fresh batch of ink cartridge if you're working on an important project. But in case you suddenly run out of black, you can continue printing with your HP printer.
